Company profile:

iPEK International, as part of the high-performing global IDEX Corporation – listed on the NYSE– is one of the world leading companies in CCTV pipe inspection.

With 140 employees we develop and manufacture camera systems and remote-controlled inspection crawlers for sewer pipe inspection systems at our sites in Sulzberg, Germany and in Hirschegg, Austria.

For more than 30 years iPEK has been committed to continuous technical innovation. Our sales distribution network covers more than 50 countries all over the world.

Fields of application:

For any industrial sector and for a wide range of applications.

iPEK products stand out due to highest state-of-the-art camera technology, ergonomic user-friendly design, innovation, high quality, robustness, longevity and reliability. From basic solutions for the sewer inspection market to complete systems for vehicle installation, iPEK has the right product for everyone.
