Company Profile:

Damstahl GmbH is one of the largest pan-European wholesalers of stainless steel and it is part of the NEUMO-Ehrenberg Group, which works in a wide range of industries. With subsidiaries in eight countries, more than 300 full-time employees, with a volume of trade of stainless steel with more than 67.000 tons/year and a comprehensive range of services.

At our central warehouse location in Langenfeld, we stock permanently more than 8.500 tonnes of seamless and welded pipes, pipe accessories, flat and long products as well as hollow steel.

Alongside this extensive warehouse range Damstahl GmbH offers individual service packs from processing up to logistics.
