Company profile: Manufacturers of pipe connectors for different areas of application

For many decades now, Gebo Armaturen GmbH has been the market leader in its traditional product area of compression fittings. Gebo compression fittings were seen as the epitome of time and cost saving assembly in building services and in piping engineering.

Eight daughter companies in Western and Eastern Europe, as well as numerous sales partners worldwide, have now taken on the main distribution tasks abroad.

Manufacturing- / delivery programme:

Malleable cast iron compression fitting:

- Compression fitting for steel-, black steel- and PE-pipes
- Compression fittings for steel pipes, fire resistant
